Our phase one plans include but are not limited to the following

We have reduced the maximum capacity allowing for greater separation of students with a one class one coach interaction throughout the class. This will limit the classes available and the number of students in each class.

Some class times will also be reduced to allow for traffic flow and additional cleaning time.

Students will enter through the back door with a quick no touch temperature check and hand disinfectant application.

When the students will finish class they will be escorted outside by a staff member from one of the front doors. Please be ready to pick up your child right after class.

The coaches need to return for their next class.

Only one parent of students 7 years old or younger will be allowed inside. No other parents will be allowed inside the waiting rooms. Social distancing must be maintained with all adults required to wear face masks.

Any parent entering the My Jungle gym floor area with their child will also need to be temperature tested.

Of course please keep any sick child at home. We will not allow sick students into class.

Classes will be arranged in stations to maximize child separation and have limited touching by coaches. All staff will wear face masks and also temperature check before starting work.

We will have hand sanitizer throughout the gym with constant cleaning to include UV light sanitation. Drinking fountains will remain closed.

Parent registration and interaction with the office staff will only be over the phone and the new online parent portal.
